ABOUT CAL: WEBSITE: <https://cit4al.org>

Citizens for Accountable Leadership (CAL), is an unincorporated association. Our dual mission is to provide a platform for candidates, elected officials, and CEOs of businesses to discuss issues that are relevant to the community, thus promoting political engagement and empowerment. Secondly, our mission is to provide financial support to viable candidates seeking public office whom we deem as compelling to our organization.

Our organization gives opportunity for candidates to highlight their experience, expertise, and ideas to enhance and help our communities thrive. We also give the public an opportunity to listen and assess the viability of those seeking public office.

We focus on the financial needs of viable candidates and are committed to these efforts on behalf of candidates who present a compelling reason for seeking office. As CAL President Rickey Ivie, Esq., and President Emeritus, Dr. Gail Willis have stated, "CAL is about helping viable candidates shine and in doing so, helping our communities thrive."
